

SATURDAY 3rd October 2009 – part transcription

Comple weekend CD transmissions are available for purchase.

AKASHA transmitting through the accredited Messenger Usa

.....I **AM Akasha** and I greet you through the life stream of the Messenger and I AM truly grateful for **all** your presence here this weekend at **The I AM Family of Light[®]** gathering. God bless you.

As I come forth to you dear hearts, the **Chohan** from the **Great Central Sun** of the **Rose-Pink Rays'** return of the Mothers Presence, Divine **Love, Will** and **Grace**, I greet that ever expanding spiritual centre within each of you.

Thousands of years have passed, unfolding those necessary activities upon the earth. Thousands of years of life have passed, more than fifty thousand years, in which each of you have methodically chosen embodiments to reclaim your lives, to heal your lives and to give life to **Will** that has **long** been denied in the theatre of human life on earth. Thousands of years have passed in which each of you have chosen those embodiments that would prepare you and **all** the lives that you have died to live and you have entered into that embodiment, remembering the words of one who answered the call.

Now it is **your** time, **you** answer the call.

Yet one who answered the call to come to humankind long ago (we know him as Emmanuel, you know him as Jesus the Christ) asks each of you to realise that time marches you towards **2012**. **None** on earth can set aside the changes that have begun and thousands of years, 50, 60, 70 thousand years of putting into place a **Divine Plan** that **this** time will succeed. **Never again** will there be the fall of humankind out of a great Golden Age. 50, 60, 70 thousand years in which each of you, in your Beloved higher minds and hearts, have been methodically healing yourselves and being in great lives of service. Each of you meeting up with each other **lifetime after lifetime** to prepare you for **this** time, that **ends** time and civilisation as it has been known and lived upon the earth.

When you understand that for 70,000 years a high intention and purpose has been going on behind the scenes out of which only two thousand years ago, opened the way for enough sunshine, for enough Light to return the consciousness of Christ to this earth, in that one which walked amongst you 2,000 years ago as Emmanuel, Jesus the Christ.

70,000 years of planning, of which only a few hundred years ago, did those thousands of years of planning yield the Ascension of William Shakespeare into the glorious Ascended Being the **Mighty Saint Germain**.

70,000 years of opening the way and strengthening and reclaiming yourself and being in an individual situation where each of you, with the Light shining within you, could plainly see the choices and what was ahead for each of you.

70,000 years of preparing the earth and each of you, for the coming of the **Golden Ray** of **All Christ Illumination**, the coming of the **Violet Ray** of **Transmutation** and **Purification**, and the arrival of the **Mothers' Presence** (**the greatest activity that has been denied on the earth**) so that when that activity, **through the Rose-Pink Ray**, would usher its presence upon the earth, that the great Light of your **own** Divinity, the Light of Avatars and Christ's and Buddha's past, would have **strengthened** you and with the **purification** of the **Violet Flames** and their Rays upon the earth provide a healing and a purification sufficient enough, **for you to trigger once again in this life, your great awakening and becoming**.

Behind you is a journey of reclaiming your Light, a journey of reclaiming enough *not a lot*, enough personal **Will**. A journey that would raise you again into the awareness of

the hierarchy of Light, of Love, of Divine sound and that which would allow each of you, the forces of transmutation upon which in the sudden **flash** of a moment of Divine intention, **70,000 years of preparation** would prepare you for the **next 2 years**.

And these next two years your ascent back into grace. 70,000 years of preparing you through Light, through purification, that you could approach what has **most** been denied upon your planet.

The greatest of all journeys a human being, or **any** being, that has found itself outside of Life, the **journey of LOVE**.

Oh beloved of **The I AM Family of Light**[®] gathering I say to you in our stratosphere, we don't talk in the way that I speak to you this morning. We don't speak into the difference of **Light** and **Love**, for in the great octaves of life **Light** and **Love** have **never** separated from themselves. We know this as the **very life** by which we exist. We know that **Light** and **Love** is the true spiritual nature of the perfection that we draw upon, to create the magnificent life in the 5th and far **greater** dimensions of earth.

You are in the last few years that begin a **magnificent 10,000 year cycle** to reunite the very face of **spiritual presence** itself.

Have you considered that the greatest journey is the **Journey of Love**. It is a journey that each of you must be **so** strengthened by the purity of the **Violet Flame** and the luminosity of the **Golden Ray** of **All Christ consciousness** so that each of you in your day, upon your choosing, that you may become once again **whole** and **unified**. Yet that wholeness and that unity **the Resurrection of Christ consciousness** will not come about **without** the restoration of the human heart and I say to you dear hearts the human heart is **not** restored.

For the most advancing of humankind that are ushering in the great awakening, we in the Ascended realms may be fortunate enough to find that there be some amongst you who have 6 of the **9 sacred chambers of the heart** open.

I AM Akasha and I know the authority of the **heart** and **I AM** the **authority** of the **Soul** and my work **on this planet is yet to really begin**.

The nature of the **Soul** has been eclipsed by the darkness of human beings **own** creation. Your raising, your Resurrection, your becoming whole again, your letting yourself be taken by the hand of your Divinity and raised into the fullness of your being which finishes the great opening of your heart *the healing of the feeling side of life* so that each of you can face what **others** demonstrated before you, for the way has been shown. The record has been given. The demonstration of the purpose of this great time ahead and the records of that have been given. The record of Ascension upon the Hill of Bethany of your Ascended Jesus Christ, Emmanuel is a record **no** human being, once that record is revealed to humankind, **will ever question again**.

What stands before each of you is the most **magnificent** opportunity given humankind. Finish the great awakening and opening of the mighty and mystical chambers of your heart, whether you know what those chambers are, whether you know what they represent, and I will stand behind each and with each of you who says "**yes to life**", because I know that in the **Divine plan** for humankind, which began more than 70,000 years ago there is a **Divine programme** that begins to trigger the final acts of your awakening and becoming and that triggering is as simple as saying "**I say yes to Life**", knowing that the Life that I am saying yes to, is **not** the limitation and the misery and the suffering and the debauchery and the abomination of human creation that goes on in the human nonsense of this world.

Life that you are asked to say **yes** to, is the beautiful **Union** of **Light** (mind) and **Love** (heart), the masculine and feminine side of life, unified in the great **Sacred bond of Life** itself.

Life, that when you say **yes** to, kicks into motion *invisible forces* that brings to you **everything** you require for the **great becoming**.

You are not here for yourselves. You are not here **only** to awaken to the glory of your being, you are here and you are **intended to be referred to** as those who are the **untouchables**. Christ spoke of you; he called you 'the courageous'. He spoke of you as the 'elected' and I say to you, my authority of the **Rose-Pink Ray** to the earth is the authority of **Divine Love, Divine Will** and **Divine Grace**.

We have watched the **Will** of humankind be plundered and stamped upon and desecrated by the forces that are so dark and sinister that I say to you, you will welcome my presence back to the earth, **The Rose-Pink Ray**, because it is **you** dear hearts, not us, not us in the Ascended realms, it is **you** and the great Prince of Venus, **Sanat Kumara**, who for thousands of years have determined what is necessary, this time for you to succeed, for you to awaken, for you to return as you were when you **first** came to this planet **14.5 million years ago**.

*"What is necessary for another 7th Golden Age **not** to end in the plummeting of human civilisation back into darkness. What is necessary to make a Divine plan to arrest the darkness and the impending self destruction of the human race and the threatening of life on this planet. What is necessary?"*

and this is the question you asked us. **This** is what you called to **Venus** for. **This** is what you asked the **Mighty Sanat Kumara**, "*what **is necessary** for us this time to succeed?"*

You asked the question, the **proof of it is in your heart** and God responded that three **Great Rays** must walk upon the earth **once again**.

The **Golden Ray** of **All Christ Illumination** that will **shine the Light** back into your hearts and minds and strengthen your spine to turn and face the **Light**.

The **Violet Ray** that would come and give you the freedom through purification of the darkness and the discord that has touched your lives **every** time you were born upon the earth.

Thousands of years of the great coming of these two **Mighty Rays** would open the way for the third Ray, the **Rose-Pink Ray** of the Mothers Presence, **Divine Love**.

Not human love. Not love that can be feigned. Not love that can be pretended. Not even a love that can be fulfilling one moment and hurtful in the next.

Divine Love that **reveals itself** with its **presence**.

Divine Love that is revealing and nurtures you into the totality of the Great Beings '**I AM**' that you **are**.

Divine Love that fulfils itself as the crowning Presence '**I AM**', that stands within these physical garments, liberating these physical lives of **all** the turmoil that you have ever suffered in lives past.

We in the Ascended realms have watched the opinions of humanity bring about the most spiralling downward impact upon which it is amazing that life can even exist on this planet today. And I say it that way because whether you accept the truth of it or not, life would **not** exist on the planet today if it was not for the invisible intervention of **Angelic beings**.

Angels that come into your mighty cities, into your nations and pour the **Violet Flames**, pour the **Cosmic Blue Flames** and purify the atmosphere and the powers of nature sufficient enough for life to continue on this planet.

Sufficient enough for **three million human beings** who are elected to pass through the door of **Resurrection** and walk on the earth, the fulfilment of His prophesy, the fulfilment of His own commands to Life that he made during His own Ascension.

All of us in the Ascended realms, we know that you have sought higher education, we know that you have sought higher knowledge, we know a tyranny of humanity has expressed through human life that has not allowed a sense of sovereignty and personal growth. We know that many of you have left behind the religions that no longer serve

you and nurture the great spiritual presence within you. It is one thing to leave the religions of the world behind but don't leave the Christs' and the Avatars and the Buddhas' (*upon which those religions were formed*) don't leave those ones behind because it is **man** that has spoiled the teachings of the Great Ones that have come.

REMEMBER:

The **Ascended Jesus Christ Emmanuel**, the **Beloved Mother Mary** and the **Princess Mary Magdalene** and the **Royal Family of the House of David** that opened the way for the **Golden Ray of All Christ Illumination**.

The **Mighty Saint Germain** and the **Ascended Host** from the **Cave of Light** in India, who opened the way for the **Violet Ray of Transformation** and my own **Rose-Pink Ray** of which Asun and I were given **12,000 years of civilisation**, beginning **37,000 years ago**, in the area of your planet that is today called Delphi, in Greece.

It is **you** and beings like you that called forth the **three Great Rays upon the earth**. Three **Great Rays** that were given to you, to lean upon and what pillar of life out there in the world can you lean upon that will give you your great freedom. It is the great pillar of **your own mighty hearts**, it is **every** blessing that you can make yourself an open door, by being a bridge between your world and our world and hear the good news, hear the good news of every gift we come to offer each of you, so that you can use those gifts in your lives and stay safe amidst *a world of great changes*.

Keep loving Emmanuel for he did not come from your world, he did not come from the human history. He came from a **system of worlds far beyond our galaxy**. He answered your call for help.

Love Christ for he has given **Commands** for your freedom.

Love Saint Germain for he is the **Violet Ray**, a Flame that this planet needs if it is going to purify itself.

You can love me if you choose, and **I AM** the **Rose-Pink Ray to the earth**, that pillar of **Divine Love, Will and Grace**.

Welcome Christ's sceptre of Illumination, you need that growing **Light**.

Welcome Saint Germain's Violet Ray and Violet Flames into your heart.

Welcome my Rose-Pink Ray for what will **bridge** your **heart** to your **Soul**,

The human race is such a **magnificent** race amongst races. It has lost its way and knows **not** the **power** of the words '**I AM**' to initiate into Divine action **all that you will be**. There is such heresy of complicity of darkness and human belief systems that to this day, you are fractured in your ability to use the words '**I AM**' and behold what manifests.

Yet I say to you; the **Light of Christ**, the **purity of the Violet Flame** and the **Divine Will** and **passion** of my **Rose-Pink Ray**, **take** these pillars, **take** these three Rays, the mighty Flames that we offer you and **heal** yourself and **allow** the spiritual nature **within each of you** to **rise** and **defy everything** of an abomination that creates such misery, suffering and disease that is in your world today.

Well dear hearts, I welcome you to your Victory. I welcome you to your freedom. All we can do is come and offer you the awareness of the **lost knowledge** that once existed in your consciousness. All we can do is offer the powers that we Ascended beings have and **remove** the **tree of knowledge** of good and evil from your consciousness. All we can do is come and offer you a deeper understanding, "Be as an empty cup", which means, **but let go of everything that you have ever believed**.

For as long as you believe **one thing**, **that** one thing will stand a wall between you and your natural God-given knowingness.

The Ascended Host attempted in the 1700's and in the 1800's and even **long before** to come into Europe and we were rejected and so we went to America.

Yet we say to you, the pockets of Light in the European people and the destiny of this great Nation the **United Kingdom** is of such, that the Ascended Host see the **tremendous opening** that each of you are creating, by your desire to be fully awake, to be free, to be of service and to make a great service to that which is your Beloved nation the **United Kingdom**.

We look and we watch every moment for the opportunity and for several hundred years the opportunity for the Ascended and Angelic realms to interface with your world has been a **very** personal and individual interaction. The opportunities for us has been an individual here, an individual there and an individual over there. Today that is changed. Today there is awakening that is heralding its heart, its voice, its Light, its Love, its change **across** the **face** of **Europe**. Today Europe is saying **no** to war, and it is because of this that the very Light and Love of every ones true spiritual nature, has a **tremendous opportunity** to rise and stop the flow of darkness that so long has been upon this planet.

I AM Akasha. **I AM** the Rose-Pink Ray to the earth and what stands ahead of you dear hearts; I leave you with this. Your spiritual **connecting** to your Angels, to the Angelic realms, to the Ascended realms, your spiritual connection is **greater** than you realise. The place that you are challenged is not in your spiritual growth.

Continue your spiritual growth, yet I say to you it is your human **Will** that is not strong enough. If you can see from my advantage how the human **Will** has been broken and fraught, you will understand that in these next few years, if you will continue to do **everything you can to spiritualise your life**, yet on the other hand do **everything you can** to claim back your **Will** your **Passion**, then I say to you, with the lifetimes that are behind you, that have prepared you for **this embodiment**, this, you will find is the **missing key**.

You have touched the **Light over several lifetimes**. You have sought the **higher knowledge**, you are putting it **ALL together**.

Yet what stands in the last two years that take you to **2012** is to **usher** in the **Rose-Pink Ray** into your lives for it **is** the **Ray of Divine Love, Divine Will** and **Divine Grace**.

When you have the **Grace** of the **Mothers' Presence** upon you, you have the ability to end **all** that has broken your personal **Will**, and when you find your natural **Will restored**, you are a **sovereign being**. You are a bridge between worlds that will change **every condition** in this world into a **brilliant** new future.

That is why I **Akasha** have come, to offer each of you the **Rose-Pink Ray** that will help you to restore your **Will** and provide you enough **Grace** to finish the opening of **all chambers of your heart** and to open the way to part the veils between your **humanity** and your **Soul**.

For this, you may be very interested in hearing more, if you know that your **Soul** is where abides the **genius of your Being**.

The Soul is where abides the **excellence** of your Being.

Your **Soul**, when channelled through your personality and your human expression, brings your works **far** beyond **even** the works registered by the renaissance masters. So you may hold the desire to **know more** about your **Soul**, it is where your beauty, it is where your excellence, it is where your genius is found.

Life is not complicated. Say **'yes to life'**, say yes to my **'Rose-Pink Ray'** say yes to **'Christ's Ray'**, **'Saint Germain's Rays'** and watch these Rays unfold and part the veil for you to find your own personal and spiritual power, **for you have come to bring into this world that which this world has not yet seen**.

ARE YOU READY TO BE THE VERY FACE OF CHANGE UPON THIS PLANET AFTER 2012?

Are you ready?

(audience "YES"),

You have two years left to finish the spiritualising of your earthly selves, to take the sceptre of your dominion and allow your great service to life to unfold.

Life knows **nothing** about the limitation of being in the body 50, 60, 80 or 200 years or more.

God Bless you dear hearts and I thank you for allowing me to be with you and to open **The I AM Family of Light®** gathering.

God Bless you and may you just **love** to take up the simplest activity and that is **every** day get your hands over your great spiritual centre within you and just **Bless this centre.**

"I Bless this great spiritual centre within me into its full expression, full dynamic expression, releasing its Light, its Love, its intelligence, wisdom, happiness, perfection and beauty into my outer life"

The sooner you strip yourself of every belief and declare yourself an **open door for the incoming knowingness of your own great God Being**, the sooner you will experience **great freedoms** in your life..... (part transmission)
